the spider's web. the story

the spider's silk it's sticky real sticky. It's a trap fit for a fly. Once upon a time a spider was sitting in it's web and then a fly saw a red berry in it's web. So the wanted it's so bad it flyed into the web instead. Then the spider crawled on to the web and then the spider rapped the fly up in the web. the spider said you are Noun in my tummy. the spider then ate the fly. THE END
