# Amsterdam Killas

In the quiet town of \_\_\_\_\_ Location three \_\_\_\_\_ Adjective people wandered the middles of streets. These three teenagers are the most wanted people in The United States, Canada, and Russia. Officers would drive past for the fear of what would happen. Civilians cleared the \_\_\_\_\_ Plural noun and stores closed their \_\_\_\_\_ Plural noun. With their faces painted, they form the JRB. In some states they are wanted for many crimes, from \_\_\_\_\_ Noun robbery to \_\_\_\_\_ Crime exposure. Nothing could ever kill these mutants because they always have each \_\_\_\_\_ Adjective backs. Bounties and information on these three people are priced in the \_\_\_\_\_ Number (plural). Be warned, do not approach these individuals or try to make eye, verbal or mental contact. These people are \_\_\_\_\_ Adjective and very unstable.
