# Prepare your own pro-poverty wage testimony!

Raising the minimum wage may sound \_\_\_\_\_ Adjective \_\_\_\_\_, but I just know that higher wages hurt more \_\_\_\_\_ Occupation - Plural \_\_\_\_\_ than it helps. It's \_\_\_\_\_ School subject \_\_\_\_\_ 101: if you increase the cost of \_\_\_\_\_ A restaurant \_\_\_\_\_ Supply \_\_\_\_\_, it means fewer \_\_\_\_\_ Food - Plural \_\_\_\_\_.

Already, we've seen communities bordering \_\_\_\_\_ State besides Washington \_\_\_\_\_ that look like they were hit by a \_\_\_\_\_ Natural disaster \_\_\_\_\_. It's no coincidence that our minimum wage is basically \_\_\_\_\_ Number \_\_\_\_\_ times more than theirs. Then consider paid sick leave, equal pay, and laws protecting \_\_\_\_\_ Something fragile - plural \_\_\_\_\_. It's a miracle \_\_\_\_\_ Name of national chain \_\_\_\_\_ hasn't already picked up and moved all their locations there!

And let's think about young people like my \_\_\_\_\_ Type of relative \_\_\_\_\_. I don't understand why \_\_\_\_\_ Number greater \_\_\_\_\_ than thirty \_\_\_\_-year-olds should be supporting their families in these jobs when we have \_\_\_\_\_ insult \_\_\_\_\_ kids who still need to learn basic skills like how to \_\_\_\_\_ Something toddlers do \_\_\_\_\_.

Let's be clear: we are already talking about the \_\_\_\_\_ Adjective ending in -est \_\_\_\_\_ minimum wage in the nation. If that's so great, why not \_\_\_\_\_ Number greater than one hundred \_\_\_\_\_ dollars? Why not \_\_\_\_\_ Number less than twenty-five \_\_\_\_\_ thousand? Why not \_\_\_\_\_ Extremely large number \_\_\_\_\_?

Higher wages may be popular, but I \_\_\_\_\_ Adverb ending in -ly \_\_\_\_\_ ask for your opposition to raising people out of poverty.

Otherwise I may have to get a \_\_\_\_\_ job myself.
