# Dianetics - Keying-in the Engrams

The single source of inorganic mental illness and organic psycho- \_\_\_\_\_ illness is the \_\_\_\_\_  
\_\_\_\_\_ bank. The \_\_\_\_\_ mind impinges these \_\_\_\_\_  
\_\_\_\_\_ upon the \_\_\_\_\_ mind and  
the organism whenever they are restimulated after being keyed-in.

There are many known incidents in a \_\_\_\_\_ which apparently have a \_\_\_\_\_  
influence upon the happiness and mental \_\_\_\_\_ of the \_\_\_\_\_. The \_\_\_\_\_ remembers  
these and to them attributes his troubles. In a measure he is \_\_\_\_\_: he is at least looking back at  
\_\_\_\_\_ incidents which are \_\_\_\_\_ in place by \_\_\_\_\_. He does not see the \_\_\_\_\_  
\_\_\_\_\_. In fact, unless he \_\_\_\_\_  
is acquainted with dianetics, he does not know the \_\_\_\_\_ are there. And even then he will  
not \_\_\_\_\_ their contents until he has undergone \_\_\_\_\_.
