There Action News

Welcome to There Action News. I'm (your avatar Your Avatar Name) with all the news you will need in 2 minutes. For our lead story we go to (any place in There), where the (plural NOUN) are (VERB-ing) in an attempt to celebrate a new tradition. In a recent interview with Mr. Wilson he told our There Action News that we now have a new emote to slap your own (body part) (#) times with one tic! He also asked what Thereians would like to do celebrate. In response, we have had a number of viewers write in:

(A Thereian friend of yours) tweets "I'm going to celebrate this new event by (verb that ends in -ing) a (There vehicle) all night long!".

And (Another Thereian friend of yours) writes "I'm getting a Real Life tattoo of Mr. Wilson eating (favorite food) right here on my (body part)".

And finally, (A There event host) responds with, "I can't wait to turn this into a event!"

Join us next time as we discuss how to make your (bodily noise) louder using hand signals and (liquid).
