Jackson--a South Carolinian child of poor, Scots-Irish immigrants--was orphaned in his early teen years while fighting in the Revolutionary War. During the war, Jackson received a scar across his head from a sword because he refused to clean a British officer's boots, an act of defiance and physical courage that would become a hallmark of the adult Jackson's persona. Despite his difficult beginnings, Jackson, a true self-made man, became a merchant, lawyer, judge, general, congressman, senator, and President of the United States over the course of his lifetime.
