example

The patient is a tall, Adjective young woman who appears and acts more like she is Number years old than her actual age of 62. She walks in an Adjective, gangling manner and seems to be all arms and body part. Her handshake was limp and her hands were Adjective and sweaty. She sat slumped in her chair with her head and eyes downcast most of the time. She rarely Verb - Past Tense about in her chair during the interview and gave the impression that she was ready to Verb from the office at any moment. She was dressed casually, in Adjective and dirty blue jeans, a Adjective, dirty sweatshirt, and frayed tennis shoes. Her body part appeared tense, and she rarely looked at the examiner. Her hair was shoulder length but carefully and Adverb combed. She spoke in Adjective, sullen tones and rarely gave more than the briefest answers to most questions. Toward the latter part of the interview, she became obviously more Adjective and less Adjective, and she began to talk in a much more spontaneous manner. At no time did she smile or make any show of Noun toward the examiner.
