# The Adventures of Smokey

There once was a           Noun           named Smokey. He always           Verb - Past Tense           really good. He was loved by           Noun           and he loved           Noun          . One day he got a call from the           Proper Noun           and received a secret mission. There was a           Noun           at the           Proper Noun                     Proper Noun           who was planning to escape. Agent           Proper Noun           need Smokey to go and           Verb           to the lion and ask him what was wrong. Once they knew what the problem was, hopefully they could stop his escape. Smokey           Verb - Past Tense                     Tense           and was off! He           Verb - Past Tense           on his backpack and set off for the           Noun          . Running could only get him so far because of his little legs. So he           Verb - Past Tense           a rope to the           Noun           of a car, strapped on           Noun                     Noun - Plural          , and got a ride. When the driver stopped for gas, Smokey thanked him for the ride by giving him a           Noun           and continued on his way. He found his way to the train station where he           Verb - Past Tense           a ticket. He           Verb - Past Tense           the train and found a nice window seat. While on the train, he listened to his           Noun           and read a           Adjective           novel. He finally arrived at the zoo. He           Verb - Past Tense           into the           Noun           exhibit and began to talk to him. He found out that the           Noun           wanted to escape to find his           Adjective                     Noun          . He has been           Adjective           for some time and needed someone who           Verb - Past Tense           him. Smokey reported back to Agent Carter and told him that the           Noun           needs a           Noun          . Thanks to Smokey and his hard work, the           Noun           was able to meet the love of his life, not escape, and live happily ever after. Smokey is a           Noun          !
