The First Flip...

There once was a Noun that was in the circus. The Noun - Plural had to show off some tricks at their next show. All of the Noun - Plural were going to some kind of flip or trick they thought was cool. But there was this one monkey that didn't know how to do a flip or some cool trick. It came to the day of the show and after all his Verb - Base Form practice the Noun still couldn't do it. The show was about to start and the Noun was first. He took a long Verb - Base Form jump, hit the board to go off and flipped!! He did it! The crowd went wild!
