Gold is found

A kid named _____^{Noun} went on an to find hidden gold in Canada. _____^{Noun} was walking for hours to the air port because he dose not have a car. Soon he came to a man selling bikes and then she got one for five dollars. he soon got to the air port and got her ticket. On the plane he met a boy named _____^{Noun} that was also looking for that same gold.

when the plan was _____^{Verb - Present ends in ING} there was a really bad storm and the plane had to land in _____^{Proper Noun} and every one had to sleep in the _____^{Noun} _____^{Noun}. When they woke up they went to the cafe to eat breakfast and breakfast was cold. After breakfast the plane was _____^{Verb - Present ends in} _____^{ING} ready to go to Canada. Soon they were on their way, on the way mike and Matthew were talking about were to start _____^{Verb - Present ends in ING}. They decided to start looking in Montreal. They were waiting for the taxi but not even one taxi came. So they started walking to find a taxi. They eventually found a taxi and they were on there way. When they arrived they had to pay the taxi driver 200 _____^{Verb - Present ends in S} so Matthew payed 100 and mike payed the other hundred. They went through the woods and then ended up at the closest lake. They took out there _____^{Noun - Plural} and started digging. After a few hours of digging they saw something shining in the sun light and it was the gold.
