the life of a silly person

one day a girl named Ava got hit in the head with a Noun. later that night when she came back from the hospital she sat down in front of her laptop admiring the screen lighting up her face. she says to Pronoun " wow I have my life layed out on a visual Noun. the next day her friend went out for a drive in Proper Noun jeep an stopped at an outdoor plaza when the boy that she likes finally comes up to her but she was to busy to notice him. they stopped at Existential there local coffee shop to get some well you guessed it Noun but again they still mess up , she did not wont to be rude so she said to herself " its only Number letters like what". after that she hade really expensive sweets and when I say expensive I mean Number Noun - Plural for a dozen donuts. the next day she got her nails done but the man who did them made them to long so she couldn't call or text any one for a week, she said to her friends that she will go to Verb Noun to sip on an artistic latte but Adverb did she no it did not taste good so she spit it out. later on she realized that she did not need Adjective lattes or a boyfriend everything she needed was right in front of her.
