# A Day in the Life of a College Student

Being a college student is very Adjective. Every morning, I Verb - Base Form out of bed when my alarm clock rings. After I shower and put on my favorite article of clothing, I eat food for breakfast. My first class is school subject with Name of teacher. I think this is a Adjective class, and i never Noun in it. After this, I head to school subject. This class sucks, and my friends and I wish the Profession would just shut up! After classes, I eat food, my favorite lunch. My parents say this is Adjective, so I should stop, but i never listen to them. I love to do my homework, so I have the Time of day to spend with my friends. i'm telling you, if you choose to go to college, be prepared, because it is very Adjective.
