# The Princess' Pet

Once there was a Princess who lived all alone at the top of a Adjective tower. To get to her room she had to climb Number-Big flights of steps. No one wanted to visit her.

"I think I'll get a pet," she said.

First she got a furry, Adjective monkey. It Verb - Past Tense and Verb - Past Tense all day long.

It made a mess of her room.

"This isn't right," said the Princess. "I need a different pet."

So she got a little Color baby dragon, but it was always Feeling and breathed fire at her.

"This isn't right either!" said the Princess. "I'll try one more time."

So she went to the pet store one last time and she looked all around. Finally she found a fuzzy baby dog. He had Color fur and he was very Feeling. He wagged his tail and licked her Part of Body.

"This is the pet for me," the Princess said. And she took him back to the tower, and they lived there together happily ever after.
