How to make dessert

If you want to make a cake all you need is some _____
_____.
_____.

Put a couple tuna _____ in a little bowl, then stir until it looks _____ mixed.

Take another bowl and put milk, butter, _____ and some _____ together. when you have gotten a solid dough, put everything on fire for about 10 minutes.

When the time is up, let it cool down and add the root beer, you may add as much as you want, it depends on how _____ you want your cake.

stir again all the final mixture, it might look _____, but you just keep going. There is a little twist in this recipe, and it is actually the secret ingredient. Take 3 _____. _____ them on the floor and when you see they are completely torn-down take them to the mixture you had before.

Finally, mold your cake as you wish. Leave it in the _____ for a week and you will get the _____ cake ever.

Enjoy
