A happy holiday

Beijing is the capital of Noun . There are many Adjective places in it. Last summer , i went to Beijing with my friend.

First, Noun went to Great Wall. Do you know it? It's the longest wall in China, it's on the hills. It looks like a dragon. It took me lots of time to walk up it. When we got to the Badaling, I was very Adjective , because i could see the Adjective scenery. Then me went to the Noun Noun , the Great Noun of the people, the Temple of Heaen and so on. We had a good time. I really enjoyed the summer Noun .
