It Was a Dark Day

It was a dark day. The man sat in his office at a school named OCA. He's tall and _____Adjective_____, his belt was

full of keys and _____Noun_____. His name was Austin St.Obeen, he spied on the children's Chromebooks through

his computer screen and targeted the wrongdoers, he sicked the administration on those unfortunate children. On

this particular day a rebel was trying to find away around St.Obeen's evil security software. This rebel tried

everything from proxies to illegal Google Chrome extensions. At each new download came threats from St.

Obeen, each time they both became more aggressive. When it finally hit the boiling point, St.Obeen came sliding

down the hallways to catch the rebel. He Leaned into the class and pointed at the rebel and said, "Hey, I got a job

for you." The rebel walked up to St.Obeen and preformed tactical evasion operations, this managed to stun St.

Obeen, and the rebel fled the school. It is said that the rebel is still out, watching, waiting, until the day he can

strike back at the evil Austin St.Obeen.
