The jerk

There's no other thing I'd like then for the Zalden Noun Noun to blow up!!!!!! Its so boring, the Noun - Plural stink, the teachers know nothing other than, "2+2=16 class!" and, worst of all, there's a really fat guy whom Noun everything except the caf. His name is Proper Noun Proper Noun and he's 15 years old. This is the story of me, Proper Noun, fight the Fat Punk[that's what Garades nickname is.] So, what I usually do at lunch is sit by myself at the far right corner of the Noun. No one ever sits by me, ever at least until now. I was just eating my lunch until the Adjective Proper Noun comes and steals my lunch. And I had just started to eat. Great. Right after that I jump on him and start to Verb him and Verb him, but that did not do crap. He noticed and than grabbed my shirt and threw me at the wall. I screamed in Noun, and lucky for me[not really] the nurse came, took me to the office, and told me that my right leg, ribs, and all my fingers. Just as I Verb - Past Participle. At least I hurt the Fat Punk a few times.
