# She is simply the best!

I don't know what I'd do without her. She made what should've been a Adjective process not only  
Adjective but actually Verb - Present Tense. She knows the market, she Verb - 3rd Person Singular  
Present to your needs, and she does everything in her power to exceed all your expectations. By the end of the  
process, I not only had a Noun but also a Noun. Is it Adjective that I miss her? because  
I Adverb do.
