the space dog

One day a girl named Jessica went to take a walk with some of her friends. They arrived at the park, went down the slide and so Preposition. Preposition the way Preposition they saw a yellow lab puppy. They just thought it was some dog from the neighborhood, but it wasn't. Jessica finally had the nerves to go up to the dog. She has always been scared of dogs. She let the dog sniff her hand and let the dog get to know her. Then a couple days later she saw the dog again and decided to do something about it. She told her mom about the dog she found and that it looked like a stray. Jessica's mom took the dog to the animal rescue Preposition away. The dog actually came from space and was an alien dog. Jessica got so scared after that and never saw that dog again. I guess that was the one and only space dog.
