The Cottage Story

Cottage Story:

Three years from now, I'm 28, you're 23,

We're in a rustic cottage on the Muskokas. Its got one big living room/kitchen, where beer pong has been set up, plenty of leather couches and thick furry carpets. With a fireplace at the far end. We're staying in a huge king sized bed with tons of blankets, but cause there's only two beds and one couch, we have to share with _____ bestie _____. _____ bonus _____ is on the couch, and _____ gf _____ and _____ bf _____ on the other bed. We have our own private washroom, with a small shower and sink, the door to the bathroom is kinda broken though. There's a patio outside facing the dock and lake. The nearest neighbours are far enough away not to be annoyed by our shenanigans. And it's a boiling hot weekend in the middle of July.

You: are wearing a sexy little black skirt with no underwear underneath, and a puffy sweater without any bra onmy idea haha. You're a little embarrassed and hope no one will notice, but it turns you on to watch me drool over you every time you walk past.

Bonus: shower sex, sex in front of the others, we play a game of dirty truth or dare with one another all weekend, I tie you to the bed or you tie me to the bed and we have a little bondage fun. We keep trying to do dirty things to each other in front of everyone else...but without them noticing.

_____ bestie hot sexy _____ bestie shape _____ bestie hair desc haired _____ bestie hair colour with
_____ bestie breast size _____ best breast desc breasts and a _____ bestie ass desc ass, your _____ bestie relationship
desc _____ bestie relationship of two years, likes _____ bestie likes one and _____ bestie likes two more than you
. wearing short skirt, panties, stockings and a formal blouse since she came from a nice family dinner. You guys
hang out a lot together, you watch movies in bed and cuddle, whenever you drink she's your first drinking buddy
, all in all you think she's pretty awesome. In fact after she broke up with her first boyfriend (who she lost her
virginity to, they were pretty tame) you sorta developed a little bit of a girl crush on her. You told me and of
course I've been teasing you since about threesomes and inviting her out to a sex club with you. You can tell I've
got the hots for her, it doesn't help that she prounces around your house half naked, in nothing but her panties
and a bra-less t-shirt.....frankly you don't blame me. The problem is she's super innocent, not a virgin, just
innocent, she's naive and oblivious to the fact that guys find her attractive, and doesn't think twice about walking
around naked in a non-sexual way. You've never told her about our debauchery for fear of scaring her away. A
part of you wants something to happen with her tonight.....you guys have actually made out once on my
suggestion, but another part of you worries about making things awkward.

Bonuses: Walking around the cottage half-naked, crawling into bed with us to watch a movie and being
oblivious to the fact that your giving me a hand job under the covers, giving either of us innocent massages
while the other is doing dirty things to us behind her back, walking in on us and talking to us while either/ both
of us are in the shower, jumping on us and other horseplay while we skinny dip (once again not sexually, she just
doesn't

care that we're naked).

_____gf_____ gorgeous _____gf hair colour_____ haired _____gf eye color_____ eyed beauty that your insanely jealous of :P
_____gf breast size_____ sized breasts. Wearing very short jean shorts a thong, a lacy bra and a tank top. Dating
_____bf_____. She's a close friend of _____bestie_____ who we were introduced to about the same time as her.
We've become friends with her and _____bf_____, though we both know their relationship is somewhat
dysfunctional. _____gf_____ is very sexually provocative, with innuendos, flirtation, 'accidentally' stripping, that
kind of thing. Although it angers _____bf_____, whenever she drinks heavily and goes out to the club, she tends to
grind up on every guy she can find. She has a secret we don't know...despite her extremely sexual appearance,
she's a virgin who's decided to wait until marriage. _____bf_____ is also not so happy about this, but has decided
he'll manage.

Bonuses: bets us that she'll win at beer pong and if she doesn't she has to flash us.....she sucks at the game so I
keep raising the stakes, first to give me head in front of everyone, and then to have sex in front of everyone, she
agrees jokingly which angers _____bf_____, but she tells him to trust her. She can either win (the boring but kind
answer) or she fails miserably and very reluctantly agrees to give me first head and then sex in front of her
boyfriend.

_____bf_____ sandy blonde haired guy, friendly and jolly enough, but a bit of a ass to _____bestie_____ and you.

Wearing

Jeans and a T-shirt, We don't really know him that well but I'm much closer to him than you are.

_____ bonus _____ cute _____ bonus hair colour _____ with freckles and huge _____ bonus hair desc _____ hair. _____ bonus breast _____
size _____ sized breasts, a bigger ass, more _____ bonus shape _____ just in general than the other two girls. she's
wearing a summer dress.....with only her underwear underneath (no bra). She's a _____ bonus relationship desc _____
_____ bonus relationship _____ of mine from school who doesn't know the others here except you, and even then, she's
only met you a handful of times. You've always thought she was beautiful, but she seems like a very down to
earth no nonsense kind of person. Of course, she knows about our kinky sex life, as most of our friends do (
except the others here) but she has a boyfriend of 10 months. Little do we know they're having a huge spat and
we'll have to try and cheer her up one way or another. By the end of the night, she'll get a call from her boyfriend
telling her how much he loves her and that he's sorry and everything and they'll be back together.

Bonus: see her nipples through the fabric of her dress, you catch me staring, I'm banging her hard when her
boyfriend calls to make up with her. As they make up over the phone, every now and then she lets out a squeal
of pleasure and has to mask it or pretend it was something else, I finish inside of her right before she hangs up
the phone (maybe she screams my name and has to pretend she was calling me for something). Alternatively her
boyfriend surprises her by coming to pick her up, she's coming around the corner when he opens the door with
nothing on but her panties....and a face covered in my spray....
