My Trip To The Zoo! (Animals)

My family and I went to the zoo! I was very excited to see all the animals. My favorite animals are

_____. They're so big and furry! My brother likes the _____. He likes their big, sharp teeth!

First, we saw the _____! They were so pretty! I loved hearing the sounds they make and looking at their beautiful feathers. Then we went to the _____ house. I don't like _____. They're ugly and scary! My brother loved them though, he wanted to stay there all day!

Finally, we got to the _____! They were so big, and one of the _____ had babies, called _____. They were really cute! They were play fighting while their mother watched. There were other _____ to, but they were all sleeping.

On our way out, we passed by the _____ cages. They were really silly! One looked right at us and smiled at me! There was a big _____ too, and he waved at us as we left. I love going to the zoo!
