The broken mirror haunting

It was dark outside, and you didn't have your lights on inside of your Location. You started to Moving action- walk run etc around your house with Name of best friend, but then you both heard something. You both Action in Adverb, and ran to the light switch, but before you could switch it on... It was A where word- in front behind ect you... A ghost pulled you a direction - backwards, forwards etc, and you looked in a mirror and it Something that happens to an object eg broke smashe fell ofer because of your Adjective describing the way someone looks reflection. Then you got killed by the ghost and so did Name of the same best friend.
