# The car crash

It all started one \_\_\_\_\_ day when me and \_\_\_\_\_ were  
driving and she commented on my \_\_\_\_\_ but in doing so she did not  
look at the road! i felt sorry for the other people in the back of \_\_\_\_\_ car. in the back sat  
\_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_ and a sad  
looking \_\_\_\_\_ who was \_\_\_\_\_ in the back of the  
car looking very \_\_\_\_\_. robin walker died tragically as when naomi walker got distracted by my  
\_\_\_\_\_ case she crashed into a mini bus full of students  
being driven by charles eliot, anyway robin walker was flung forward into the gear stick and it pierced his spine.  
everybody else was alright except ellie jones had to get 8 brain surgeries and this changed her perception on  
reality and then david cross gained a fear of charles eliot and a mini bus full of students. me and naomi had only  
damage to our bank accounts though as we had to pay off the bill to fix charles eliot's apple which tragically  
broke during the whole incident. i carried on my life though as i myself have changed and am now everyones  
favourite survivor.
