# Souper Seconds

The once was a souper hero named farmer           Noun          . He grew the most amazing           Noun          , but when           Noun - Plural           attacked his goods he didn't know what to do with all that was left. He was feeling really           Adjective           and           Verb - Past Participle          . He feed some of the left overs to his pet           Noun           and traded some with his           Noun          , but still had over           Number           lbs of extra produce that was going to go to waste!
