# Create your own Mad Libs

One day I went to the zoo with my           Noun          . I love to see all of the           Adjective           animals. My favorite animal is probably the           Adjective                     Noun          , he always seems to be JUMPING around. Every time I go to the zoo, I get a big bag of           Noun                     Noun          . My favorite is the           Adjective           kind. When ever I go to see the           Noun          , they come up to me and LAUGH in my face. I love the zoo and now I want a pet           Noun           named BOB for my birthday.
