# "The Flash" Mad Libs

Barry Allen had had a Adjective, strenuous day. He had been speeding around trying to catch Zoom, but unfortunately, he was unable to do so. His red suit smelled Adjective, as he had spent a lot of time sweating. He wished that he had some Noun, but he had left his water bottle back at Star Labs. He wished that Cisco could Verb - Base Form it to him, but his powers didn't work that way. Barry Verb - Past Tense before he sprinted back to Star Labs. He was sipping water within 2 seconds.

After he finished sipping his water, he Verb - Past Tense to eat a snack of strawberries. As he was eating his snack, Kaitlyn came Verb - Present ends in ING in, still looking sad that her boyfriend Jay had been suddenly stolen by Zoom. She was determined to bring him back, even if it meant speeding across the breach herself.

Iris strolled into Star Labs Verb - Present ends in ING the latest copy of the Central City Gazette, which told the heroic story of "The Flash", Verb - Present ends in ING the latest metahuman to arrive in Central City. Iris was sipping her sweet coffee as she smiled at Barry. Barry had told her that they were married on Earth 2, and she wondered if that would happen here on Earth 1.

Just then, Dr. Harrison Wells walked into the lab, followed by his daughter Jessie. Jessie was upset about being here on Earth 1, as she missed her life back on Earth 2. Iris thought that she was being selfish, as she should be Adjective that we was alive, instead of trapped on Earth 2 with Zoom. Once again, Iris found herself wondering

just what had happened during the trip. She wondered what changes there may be on Earth 2 in herself, Joe, Wally, and everyone else.

Iris watched as Barry entered the work out room, where he soon started sprinting. Barry was getting faster and faster every day. He seemed to be Verb - Base Form by a new force.
