

the ass

1. Noun
-

the ass

it was the morning after the ass lost its virginity. it had lube all over it, and it smelled like perfume. that night was a magical one. its spaghetti was a mess, and its cup was full of candy- boy candy. the ass' mother shouted at it, calling it down stairs. the ass jumped out of bed, blinking quickly. the ass' boyfriend rushed out of the bed and went out the window, jumping off the roof. the ass heard a scream, but couldnt check, since it had to go down stairs and see its Noun . "oh my god!" the mother screamed, looking out the window. "theres a creepy dead boy on the ground!" she shouted. the ass screamed and had a heart attack. the end.
