The Story of Mayo Clinic

Mayo Clinic was born out of a devastating It was the first established hospital in
, Minnesota. Today the company serves 1.3 million people from 50 states and 143 countries.
The recruitment process at Mayo Clinic usually involves a panel interview but always utilizesAdjective
interviewing. During interviews, the model is preferred for responses. The professional nursing
workforce makes up the largest percentage of Mayo Clinic's total workforce. Within the workforce, each
specialty is assigned a grade where they can advance steps. Mayo Clinic has also developed
their own HR that allows the HR function to become more involved in the organization's strategic
planning. Mayo Clinic also offers their employees a wide-range of benefits such as, paid
vacation days per year, paid parental leave, dental assistance plans, and more.
