Quanisha Gaines - Antony

Yet Proper Noun says he was ambitious;

And, sure, he is an Adjective man.

I speak not to Verb - Past Tense what Brutus spoke,

But here I am to Verb - Past Tense what I do know.

You all did Noun him once, not without cause:

What cause withholds you then, to Verb - Past Tense for him?

O Noun! thou art fled to Adjective beasts,

And men have Adjective their reason. Bear with me;

My heart is in the Noun there with Caesar,

And I must Noun till it come back to me.
