I got a body part

And I got a body part

Believe me I will use them both

We made a Noun

Be it a true or false one, I know

Baby, I don't want to feel emotion

[Zayn:]

So Verb - Base Form me where I Verb - Base Form down

My body part pressed to your body part

A long way from the place

[Harry:]

I have loved or hated you since we were number

not long or long before we both thought the opposite or same thing

To be loved or hated and to be in love

All I could do is Verb - Base Form that these body part were made for Verb - Present ends in ING

you

I

wanna love or hate like you made me feel when we were number
