# A Coding Adventure

One day, two boys were on their own computer. They saw a \_\_\_\_\_ Color jolt of electricity appear. The \_\_\_\_\_ Color jolt took the boys to a strange dimension. Then they saw the mouse cursor. Then the mouse took them to a website that focuses on coding. The boys saw a \_\_\_\_\_ Color \_\_\_\_\_ Animal appear. They also saw tons of blocks. The blocks made the \_\_\_\_\_ Animal do different things. The jolt revealed himself as a byte of code. The boys said goodbye and went back to reality.
