There are _____ Noun - Plural in my pocket from lying on the floor. I don't know why I was on the floor. I don't even know where I am. I went to sleep last night in my bed, but then I woke up here. This the fourth time this month that I have woken up in a strange place. This is, however, the first time that I have woken up in a place that I have never been to or seen before. I see now that this is a problem. Especially because there seems to be no place out of this room.
