I \_\_\_\_\_ Adjective \_\_\_\_\_ did not care at that point, I was already dirty from what I had done before. Blood stained my hands because of my carelessness. I knew that I had to clean up my problem, but I could not believe what I had just done! I figured I might as well move to Russia and set up a new life there before anyone figures out what grave things I have done. I decided I want to catch the 8:30 flight in the morning departing for Moscow. My father was already dead before this, so I will not have any \_\_\_\_\_ Noun - Plural \_\_\_\_\_ to stop me. I have done a gruesome thing that nobody would ever think of doing, I killed my \_\_\_\_\_ Noun \_\_\_\_\_.
