LONG JUMP

When I was <u>Number</u> I would <u>Verb - Base Form</u> with my mom to the <u>Noun</u> or the <u>Noun</u> even though we had a <u>Noun</u> my mom said it was good exercise. Since I was three I wanted to be a track star. One day me Makenna and my mom were walking to the park then I saw Makenna <u>Verb - Base Form</u> over a hole box of <u>Noun</u> and then I saw my mom do it so I wanted to do it and they were big so I jumped and on accident I jumped over <u>Number</u> then I wanted to join track for sure because my mom and Makenna were <u>Verb - Present ends in ING</u>. So after that we went home and my dad was watching the Olympics and there were people jumping into <u>Noun</u> so for the whole week we went to the park to play but I just kept jumping in the <u>Noun</u> and that's how I discovered long jump.
