I went to a restaurant today!

I felt like going to restaurant today. Restaurant sounded especially Adjective today! The waitress came along Adverb. She Verb - Past Tense Adverb at me. When she came with my food and drink I said "Talking!" That made her very Adjective so she Verb - Past Tense at my food. That made my even more Adjective-same as last one so I said "Talking-Same phrase!" again. Then she Verb - Past Tense my food! How Adjective! So I said "Talking-Same phrase!" And she gave me my food back. Such a Adjective day!
