Socialism sucks bad

The Adjective people of Venezuela resorted to Verb - Present ends in ING Adjective
Noun - Plural off a truck just to Verb - Base Form themselves, according to a video posted to
YouTube Friday.

A driver caught the scene while stuck in traffic on a major Venezuelan roadway. The footage zooms in to show a mob of people running to Verb - Base Form crates of Adjective Noun - Plural off a truck.

People then climbed onto the truck and knocked down stacks of Adjective Noun - Plural like Jenga blocks.

Noun ing int has become increasingly common in the Venezuelan capital of Caracas, with some residents ing int on Adjective Noun - Plural and Noun - Plural found in the trash.
