Meeting a Youtuber

It was it, you were finally moving to Location. Once you got off the Type of Transport you ran into Youtuber. " Exclamation " you said. He looked into your Part of Body. You two stood there for a while just staring into each others Part of Body. Finally he asked you a question. "Hey would you like to come to my Location ?" he asked. You walked with him to his Location. Once there Second Youtuber grabbed onto First Youtuber and started to make out with him. You screamed . Suddenly Different Youtuber came out of nowhere and pulled Second Youtuber into the Type of room closet. You looked at First Youtuber . He had Second Youtuber 's lipstick on his face . You Type of Transport over to him and kissed him. He didn't fight back. Then you lived Happily or Terribly ever after. The End
