The Vegetable Monster

It's time I figured out what _____ Noun - Plural I can make if I _____ Verb - Base Form with my food. I know food

is for _____ Verb - Present ends in ING, but it's so fun to _____ Same Verb - Base Form with!

Tonight our _____ Meal Eg Lunch Dinner etc is _____ Food, mashed _____ Food, and vegetables. My

_____ Relative - Plural are out watching a _____ Noun, so it's just me and my older _____ Female Relative (who

is babysitting me).

I mold my _____ Same Food into _____ Adjective _____ Noun - Plural, while my _____ Same Female Relative

social _____ Verb - Present ends in S with _____ Noun - Plural online, over her _____ Noun. She hasn't even

realized what I am doing. She finishes her _____ Same Meal, carries her _____ Dish Eg Plate Bowl etc to the

_____ Noun, and _____ Verb - Present ends in S on the _____ Noun. Without taking her _____ Part of Body Plural

off her _____ Noun AT ALL.

Once I've made a _____ Adjective monster with my mashed _____ Same Food, I begin to add _____ Noun -

Plural to it with my vegetables. I use _____ Type of Vegetable Plural for the _____ Part of Body Plural,

_____ Type of Vegetable Plural for the _____ Part of Body Plural, a _____ Adjective _____ Type of Vegetable for the

_____ Part of Body and a _____ Colour bean for the _____ Part of Body. Then I cover the whole thing with the

_____ Adjective _____ Adjective _____ Colour bits from my _____ Type of Vegetable.

I begin to make it _____ Verb - Base Form around when I hear a low _____ Noise. I _____ Verb - Base Form at

my vegetable monster. It's _____ Adjective! How did that happen? I continue _____ Verb - Present ends in ING, this

time _____ Verb - Present ends in ING on my vegetable monster. It _____ Noise ending in S Eg Rumbles Flurps etc and

_____ Verb - Present ends in S

again. How is this happening? I look over at the Noun. My Same Female Relative is not even there anymore. She can't Verb - Base Form!

But I shouldn't have Verb - Past Tense away. The low Noise gets Adjective and Adjective, the vegetable monster gets Adjective and bigger until it's life size! I Verb - Base Form in shock and I Verb - Base Form backwards. I fall off my Noun in the process. But I don't care. The vegetable monster's about to eat me!

Then I hear my Noun being called out. "First Name of a Person! Don't forget to eat ALL your vegetables!" my Same Female Relative shouts. (She HAS come to Verb - Base Form me!)

I Verb - Base Form back at the monster. It has Verb - Past Tense to every word my Same Female Relative said, and is Verb - Present ends in ING away. But all it's done is Verb - Base Form itself! I Verb - Base Form towards it while my Same Female Relative turns around, takes a selfie with me and the monster in the Noun. I even heard the camera Noise. There is a Adjective silence, but it is soon broken by a Adjective fart. My Same Female Relative and I Adverb Verb - Base Form around and we Verb - Base Form at one another, while the vegetable monster Verb - Present ends in S there Verb - Present ends in ING. We Verb - Base Form without Verb - Present ends in ING, and then we look at the monster. It now has Food coloured Part of Body Plural. Then we hear ANOTHER Adjective fart. This time it's a little Noise! The monster Verb - Present ends in S around, looking Feeling. It faces the Noun.

NOW we can all smell Type of Vegetable farts!

But

that doesn't reduce my Noun. I love my veggies! And as I Verb - Base Form towards it with my
Piece of Cutlery and Piece of Cutlery in Part of Body, it suddenly Verb - Present ends in S
before my Part of Body Plural. It's now back to its Adjective size on my Same Dish, in the
shape of a Feeling Part of Body!
