Happy Birthday, [birthday boy's name]!

When I heard [birthday birthday boys name name] was going to turn 40 this year I was [birthday boys
name] out of my [noun]. And now I'm [verb] at how [adjective] he is in his old age. When we used to hang
out at [place] I always thought he was a/an [adjective] guy. I wish him a day of [noun] and a/an [adjective] year
ahead. My only advice to a 40 year old is to live [adjective] and [verb] anytime you can!

Happy Birthday from your [relationship], [your name].
