# Pizza Toppings Adventure

On every Thursday in the year of 2013 three \_\_\_\_\_Adjective\_\_\_\_\_ friends, Bailey "the all mighty"; Weber, Scotty "outstanding"; Schulte, and Zach D Denney D "dinomight"; embark on an adventure for \_\_\_\_\_Adjective\_\_\_\_\_ pizza toppings. To celebrate living through 2012.

These three legendary friends started marking down their \_\_\_\_\_Adjective\_\_\_\_\_ list of over the top pizza toppings by visiting the lost island of Aki-Aki- Niho. Where this island is most well \_\_\_\_\_Article\_\_\_\_\_ for its human limbs, cheese filled crust pizza. Bailey warned his fellow chaps to carefully \_\_\_\_\_Verb\_\_\_\_\_ their slice of questionable pizza, for Zach D Denney D had already taken one lick and started turning a \_\_\_\_\_Adjective\_\_\_\_\_ shade of green.

When the three friends went to leave they found it difficult to find a ride to the underwater city of Atlantis because the locals their spoke a \_\_\_\_\_Noun\_\_\_\_\_ language that they could not understand.

When the three heroes of time finally reached the famous underwater city of Atlantis, the first thing that caught they eyes was the \_\_\_\_\_Adjective\_\_\_\_\_ pizzeria located right behind the gates. Where the widely famous squid and ink pizza was born. It's said that the \_\_\_\_\_Adjective\_\_\_\_\_ Aqua Man created the pizza himself. It's also said that the \_\_\_\_\_Noun\_\_\_\_\_ pizza has different affects from person to person. So after Scotty took his first bite he had strong temptations to \_\_\_\_\_Verb\_\_\_\_\_ around the city. Unlike Scotty, Bailey, had the feeling to be extremely \_\_\_\_\_Adjective\_\_\_\_\_. Zach D Denney Â D on the other hand became very \_\_\_\_\_Adjective\_\_\_\_\_ and could not stop talking about the female supposedly looking at him from across the way.

After these adventures the now exhausted friends decided to take a brake from their weekly adventures, for Zach was still green, and Scotty would not stop dancing.
