GigaBot!

GigaBot is a/an Adjective / noun type Pokmon, first introduced to us by your own Family Member!

He is known as the Noun Pokmon, for reasons that we can not disclose in this newsletter. When

GigaBot holds a/an Item, and records a voice over in the super Adjective Beatles sound booth,

the Noun - Plural all over the world implode. Exposure to Noun - Plural gives GigaBot an

aggressive, Adjective set of dance moves that may scare off incoming children. However, for the most

part, GigaBot is Human Quality and will surely steal a place in your heart!
