# Sun-Powered Flowers!

You know when you go shopping to buy \_\_\_\_\_ Number things, and you end up buying a whole

\_\_\_\_\_ Storage Noun EG Container Box etc full? Well, I did that today, but what I got wasn't a \_\_\_\_\_ Same Storage Noun

full. It was still a lot..

You might have heard of those \_\_\_\_\_ SubstanceONE powered dancing flower thingies that you put in your

\_\_\_\_\_ Storage Noun EG Container Box etc. I went to the shops today, and I saw one. It said 'COLLECT ALL

\_\_\_\_\_ Number!' So that's exactly what I did.

Right now I'm just finishing lining them up on my \_\_\_\_\_ Room in House \_\_\_\_\_ Noun. They look nice there,

\_\_\_\_\_ Verb - Present ends in ING to the afternoon \_\_\_\_\_ SubstanceONE. But I need some lunch!

I go down to the \_\_\_\_\_ Room in House, and grab some \_\_\_\_\_ Food Plural. I put them in the \_\_\_\_\_ Noun, and

then go back to my \_\_\_\_\_ Same Room in House From Start of Story to get my \_\_\_\_\_ Noun. But something smells

\_\_\_\_\_ Adjective.

The smell of fresh \_\_\_\_\_ SubstanceTWO fills my \_\_\_\_\_ Part of Body Plural. I wonder where that's coming from! I

don't have any live \_\_\_\_\_ Noun - Plural in my \_\_\_\_\_ Same Room in House From Start of Story. The only \_\_\_\_\_ Same

\_\_\_\_\_ Noun - Plural I DO have are the \_\_\_\_\_ Adjective dancing flowers. I look at them.

They're not \_\_\_\_\_ Same Adjective anymore!

They are \_\_\_\_\_ Adjective, \_\_\_\_\_ Adjective flowers. And they're real! They are REAL DANCING FLOWERS

!

I pick one from my windowsill (which is now made of \_\_\_\_\_ SubstanceTWO) and take it away from the

\_\_\_\_\_ SubstanceONE.

It slows to a stop with its dancing.

So they are real SubstanceONE powered flowers!
