9. Verb

A hike in the woods

One day five teens, Jimmy, Emmie, Dustin, Cody, and Aubree went for a walk in the woods. Cody decided to lead us down to his Adjective knowledge of the woods. On our way to the campsite, Dustin gave us a Adjective lecture on camping safety. Emmie was studying Noun so she knew which insects to watch out for. ^ ;

Suddenly while exploring the woods, Jimmy stumbled onto a Noun building. Inside it was very Adjective. Aubree told us to be diligent because the building was old. Suddenly the cops showed up. Cody got scared and ran into the woods. Dustin gave the cops a Noun Adjective on Adjective we were there. The cops were fine with it and told us to be careful. After that war, all walked home at an even cadence except for Cody who never returned. Some say though that you can see him Verb around the woods at night.
