# Road trip

One day John, Michael, and I had \_\_\_\_\_  
to go on a road trip to Kansas. Because we  
had heard that they had one of the best custom automotive shop with the most \_\_\_\_\_  
mechanics out there. So we had ended up taking michael's mazda because we figured it needed the most work out of all of our  
cars and would probably end up being the fastest one once it gets \_\_\_\_\_  
to a street racing car. But one of  
the many problems is it's not very \_\_\_\_\_  
and we don't think it's gonna make it all the way there but  
we'll give it a shot. So we head off on our journey. And John and michael are being very \_\_\_\_\_  
about  
who's truck is better but John and Michael are both very \_\_\_\_\_  
when it comes to this subject. So were  
still going about only 25 miles to go now. But we end up running out of gas 20 miles away from the place and  
the next gas station isn't for another 20 miles. So John starts yelling at Michael telling him we should've takin his  
chevy but I decided to be \_\_\_\_\_  
about it and told michael it'll be okay and I call the tow truck  
company to get us the rest of the way there. So we get there and hand the keys to the people after we got gas. So  
we leave it there and they say it'd take about 3 hours. So we leave and just wait for 3 hours and sure enough  
when we get back it's done and looks \_\_\_\_\_  
. But we aren't in a hurry to get home now so we  
\_\_\_\_\_  
around and race some other vehicles out on the road. But there were a \_\_\_\_\_  
amount of  
people out on road ranging from trucks to motorcycles. But after racing those people we \_\_\_\_\_  
the car to  
make sure everything is okay before we head home.
