The UFO Sighting

Just the other day, I was walking down the street. I had just left my apartment, and I was on my way to buy a

Noun. It was a day like any other day, the Adjective streets busy with Noun - Plural.

Suddenly, a Adjective UFO came out of the sky. It was hard to make out at first. From a distance, it

looked like a small Noun, but as it got closer, I realized it was a Noun. It started to

Verb - Base Form Noun - Plural at everyone. Many were Adverb injured, but finally the UFO

landed on a Noun. An alien emerged from a door on the UFO, and demanded Noun - Plural. It

was not until someone brought these that the aliens left. That's all they wanted! Well, that...and some

Noun - Plural. I'm just glad I had my tin foil hat for protection.
