oh poor princess

Once a upon a time a(n) Adjective princess was victim of a spell, she had to carry on with her an
annoying Noun everywhere she went. We all know that a Noun loves to Verb - Base
Form, but this particular one loves to Verb - Base Form. A fairy told the princess that the only way to
break the spelling is Verb - Present ends in ING the Noun on the Part of Body. So she did it
Adverb. And ever since she is considered the Adjective - Ends in EST princess in the world.
