The party

I am going to a Noun party, but the Same word as ONE is Adjective so we went to the Proper Noun . We went Verb - Present ends in ING . We took a Verb - Base Form in the Same word as FOUR . We are having a Noun eating contest. The Same word as FOUR owners were mean. They kicked us out because we were Verb - Present ends in ING . We were there until Adjective . It got cold so we Verb - Past Tense back to the house. When we Linking verb back, we ate Noun and Noun . Out of the Same word as EIGHT eating contest and the fire, the Same word as EIGHT eating contest was the Comparative adjective .
