I LOVE CANDY

I really like Candy plural. They are so Adjective that I like to put them in my Adjective
body part and Verb - Base Form them. Sometimes when I get bored I put Same Candy Plural in
Proper noun possessive Adjective Noun so that he has to Adjective them all the time!

At school I saw a kid who had a thing full of Same Candy Plural! So I tried to Verb - Past
Tense some from him when he wasn't looking, but he saw me and told the teacher that I was a
Adjective Bad name to call someone. The teacher told me to go to the principal as a punishment. While
I was walking down to the principal's place, I decided that I was going to go place instead! I
Verb - Past Tense out of the school, and Verb - Past Tense down the street until I got to the
place near my home. I needed some more Adjective Same Candy Plural because I was very
Adjective. My family member type - brother mom aunt etc would have said "Exclamatory statement
Exclamatory statement!" because I'm not supposed to Verb - Base Form so much Adjective candy
, BUT my same family member type wasn't here! So I bought large number packs of Same Candy
Plural and Verb - Past Tense them in my backpack.

When I got home I played with my Adjective pet named Proper Noun. Same
proper noun really loved to Verb - Base Form and Verb - Base Form. I gave it some Same
Candy Plural and it really started Verb - Present ends in ING off of the wall! Same proper noun
Verb - Past Tense

on the _____ counter and knocked over the milk. It made such a _____ mess!

My _____ came home and saw the _____ mess and found out about my

_____.! My _____ took them all away and _____ them all

in front of me! Now my _____ is _____ off the walls too!
