Missing Mackenzie

Once upon a time there was a girl named Carly. She lived in a Adjective mansion on the coast of California. One day she was Verb - Present Tense the news when she heard there was a child named Mackenzie missing and didn't think much about it until she looked at the Noun and realized it was her step sister. She started going Adjective and was very sad. She went on a Noun around where her step sister lived. Finally Pronoun came across an old abandoned insane Noun that was said to be haunted. She knew she had to be brave and walk in; for my sister she Verb - Past Tense. Carly took a deep Noun and walked in. The Noun - Plural were lined in graffiti that said GO BACK, TURN Preposition, and LEAVE OR YOU'LL DIE, but she keep walking and sure enough in a small corner in a back room saw her sister Adjective. Carly sat down and eventually escorted Mackenzie out and Adverb home. Her mom was Verb - Past Participle they were both home Adverb.
