Letter From Prison

Dear relative,

I am having a(n) Adjective time here. The counselor is Adjective and the food is Adjective. I met person in the room and we became Adjective. Unfortunately, person in the room is Adjective and I Verb ends in ED my body part, so we couldn't go to rec like everybody else. I need more Noun - Plural and Noun, so Adverb put more money on my books Adverb.

Your relative,

person in the room
